

LAKE KILBY

HELICAL PILES

PROJECT DESCRIPTION:

Project Name:

Lake Kilby

Location:

Suffolk, Virginia

Project Type:

Helical Piles - MH325BG

Pile Caps- MHC1080

Installer:

Advanced Builders

Description:

Advanced Builders installed 36 helical piles to tie down the intake structure and sub-aqueous intake pipe. The piles had to be installed from a barge. Advanced builders used a John Deer 200D to get the height advantage of installing 10ft sections. Underwater connections were made by certified divers. 2 load test were performed at the lake bottom to prove the pile design. This project was successfully completed in 15 working days.
