

## Magnum Case History

**Project Name:** L&N Pedestrian Bridge

**Owner:** City of Cincinnati

**General Contractor:** Prus Construction

**Engineer:** KZF Design

**Magnum Installer:** Dwyer Companies

West Chester, OH

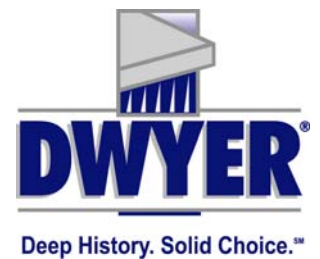

[www.dwyercompanies.com](http://www.dwyercompanies.com)

**Project Type:** Helix Tension Anchors

**Location:** Cincinnati, OH

**Project Description:**

Dwyer designed and installed 4 pre-engineered Magnum Helix tension anchors. The anchors were to hold down the footings and resist the wind loads on the new structure at the entrance of the bridge on the Cincinnati side.

## Helix Tension, Tiedown Anchors
