

Magnum Case History

Project Name: Skyline Chili Restaurant

Magnum Installer: Dwyer Companies
West Chester, OH
www.dwyercompanies.com

Job Location: Cincinnati, OH

Project Type: Magnum Helix Foundation

Project Description:

21 Magnum Standard Duty Helix Foundation Piers with 8-10-12 inch standard blades on each lead were installed to an average depth of 30 feet. Required working loads ranged from 18 to 30 kips. Magnum Grade Beam Pier Caps were installed on each pier. The project was completed in 2 days even with persistent rain.

Magnum Helix Tension Anchors
