Dear Chuck:

As we are leaving Georgia, I wanted to return the tape "Extreme Technology" to you and let you know that we have been very satisfied with the work you performed on our house.

It is amazing what those hydraulic jacks, monitored by professional experts, can do. Your team did the job as promised, on time, and with a very good sense for service, leaving the area very clean and back in order.

If you need any reference, please don't hesitate to use me.

Sincerely,

PAREX, INCORPORATED
