

## Magnum Case History

**Project Name:** Deck Anchors  
**Magnum Installer:** Lipe Brothers Construction  
Duluth, MN

**Job Location:** Metropolitan Duluth Area

**Project Type:** Magnum Helix Deck Anchors

**Project Description:**

Lipe Brothers created a unique market niche in the Greater Duluth area using Magnum Helix Piers to replace the traditional concrete pads. Since helix piers protect against settling (compression) & heaving (tension), they work great in northern climates that have significant frost heaving issues.
