

# CASE HISTORY

Riverview Development  
Phoenix AZ.

## (504) MH536B pile & MHC1300-5 caps

Development consisted of four light industrial structures supported by over 500 Magnum helical piles. Site is a reclaimed industrial landfill and utilized special pre-drilling techniques to ensure piles founded in native soils beneath the landfill and minimized down-drag effects.

U.S. Patent Nos. 10947688B2, 10767334B2, 10934678B2
